

## Work Awareness 2015

It is fast approaching that time again for our Work Awareness fortnight running from 9<sup>th</sup> March- 20<sup>th</sup> March 2015. We are fortunate to have links with companies in the local community who come into St-Francis or invite our students to visit their workplace.

The programme gives our students the opportunity to experience the world of work and have hands on approach to completing tasks and skills in the work place.

This is an invaluable experience for our students enabling the school to access various companies, who without their support during these two weeks it would be extremely hard to achieve our student's goals.
